President Hosni Mubarak,
Cairo
Egypt

The current situation in Iraq is one of extreme tragedy for millions of innocent men, women and children who are facing starvation, disease and death through lack of the basic necessities of life.

The Islamic Council urges you to use your utmost influence to get the sanctions, which are causing this terrible hardship, lifted so that food, medicines and other essentials can get through to those in need before an even greater disaster occurs, as predicted by many humanitarian organisations and UN officials.We pray that Egypt will play a leading role in this humanitarian mission, which would be supported and hailed by Muslims throughout the world.

May Allah guide your steps to realise this noble goal.
